NESP Purpose
and Expenditures

NESP Program Purpose

The purpose of the Non-English Speaking Program (NESP) is to provide English language development instruction to K-12 limited English proficient (LEP) students in order to increase their English language proficiency and academic achievement. Appropriations are for students who have a primary language other than English and have limited English proficiency.

Federal Requirements

Any school corporation that has LEP student(s) attending their school corporation is <u>federally required</u> to provide English language development services to the student(s), above and beyond the core instruction that <u>all</u> students (LEP and non-LEP) receive. The English language development services these students receive (*including personnel, curriculum, resources, etc*.) must be paid for with **local or state** (NESP) funds <u>only</u>.

"Lau" Requirements:
English language development services that are provided to **LEP students** in order to meet federal requirements. These services are *in addition to* the core instruction. **State (NESP) and local funds** are used to meet the Lau Requirements. *Federal funds (ex: Title III) <u>cannot</u> be used to meet this requirement.*
Core Instruction:
Provided to <u>all</u> students.

NESP Allowable Expenditures

The following are examples of allowable expenditures for NESP

- <u>Personnel:</u>
  - Teachers/paraprofessionals that provide the English language development services in order to meet the Lau Requirements
  - Certified staff that administer the WIDA ACCESS for ELLs or placement (W-APT)
  - Substitutes to cover classrooms of teachers that administer the annual or placement exams
  - Translators
  - Parent/School liaisons

- Instructional Materials:
  - English language development textbooks, curriculum, resources, etc.
  - Native language support resources
  - Bilingual dictionaries

- Technology:
  - Computer hardware for English Learners
  - English language development software

- Professional Development:
  - Consultant fees
  - EL professional development books
  - Costs for workshops, conferences, etc.
  - Stipends for teachers for EL professional development
  - WIDA implementation

- Parent Involvement
  - Workshops for parents
  - EL Family Nights
  - EL Parent Resources

Non-allowable Expenditures

While the NESP state grant is used along with your local funds to provide the Lau Requirements to LEP students at your LEA, there are a few items that NESP funds cannot support:

- Salary/fringe of EL Director/Coordinator *(i.e. the administrative costs associated with managing the grant)*: the purpose of NESP funds is for **direct instruction** of LEP students

- Indirect Costs: the NESP state grant does not allow for indirect costs

- Non-LEP students: NESP funds can only be used to support instruction for students that have been identified as LEP

Corporation Baselines and Targets

- Once three goals have been checked, the LEA is required to put in their **target goal** in the "**Corp. Target % for 2015-16**" (last column)

- Note: If you picked the same goal last year, then the "**Corp. Baseline % from SY 2014-15**" will be pre-populated with what your actual outcome was from last year. You may choose different goals from previous years.

- Note: If you did not pick that same goal last year and/or you did not apply for NESP funds last year, the **"Corp. Baseline % from SY 2014-15"** will not be pre-populated. If this is the case, there should be a "0" in that column

- When making targets for the annual ELP assessment results (ACCESS for ELLs), please set your targets in comparison to your baseline from SY 2015-2016.

Example

Select 3	Program Goals & Performance Indicators (PI)	Corp. Baseline % from SY 2014-2015 **Required field**	Corp. Target % for 2015-2016 **Required field**

> This column will be pre-populated based off of the actual target from last year. If you picked a new goal this year or did not apply for NESP last year, this column will not pre-populate. If this is the case, please provide the baseline.

> In this column, indicate your target goal for the school year 2015-2016

Part III: Program Activities

- Place a checkmark in any activity in which you plan to use your NESP grant funds. These activities/funds will be used to meet your NESP Goals/Performance Indicators.

Part IV: Program Type

- Place a checkmark in the type(s) of English language development program(s) that is implemented at your LEA

- Select all that apply to K-12 English language development instruction

Part V: Required Narratives

- Narrative 1:
  - Indiana's ESEA Federal Flexibility Waiver requires Indiana to have college and career ready English language development (ELD) standards for English learners. Indiana has adopted the WIDA ELD standards, which can be found at www.wida.us and www.doe.in.gov/elme
  - Please provide the district plan to ensure that these standards are implemented with fidelity by all teachers of English learners (i.e. content area, EL staff)
  - This same question exists on the FFY Title III 2015 application. LEAs that have answered this question on their FFY Title III 2015 application may provide the same information here in the NESP application.

Part V: Required Narratives

- Narrative 2:
  - Indiana's ESEA Federal Flexibility Waiver requires Indiana to formally monitor former limited English proficient (LEP) students for two years and allows LEAs to include these students in the LEP AMO subgroup during the formal monitoring
  - Please provide the district plan to ensure that these students are formally monitored for two years. Sample forms can be found in the Title III and NESP Learning Connection community under files/bookmarks > forms > monitoring

Part VI: Budget

- The budget table should have a <u>complete description</u> of any activity that NESP funds are being used for

- If personnel are paid through the NESP grant, the Personnel Table is <u>required</u> to be filled out

Personnel Table

- In the salary and fringe column, indicate the total salary and fringe <u>through all funding sources</u>

- In the *"% of salary paid by NESP/Other"* you will indicate the percentage amounts paid through each funding source

- **Please check your math!** When totaling the Salary and Fringe columns in the <u>Personnel table</u>, it should equal the total that you put in your <u>Budget Table</u> under *"Personnel"*

Example

*An LEA plans to use their NESP funds to pay for **two certified EL teachers** to deliver the Lau Requirements to their LEP students. Each of these teacher's salaries/fringes will be paid 50% through NESP and 50% through local funds. How should the Budget and Personnel table look?*

(please see the next slide for a visual)
